Professional Summary:

Passionate and detail-oriented **Front End Developer** with **4+ years** of experience building responsive, user-centric web applications using **React.js**, **TypeScript**, and **modern UI frameworks**. Adept at translating design mockups into high-quality code, optimizing performance, and leading frontend teams. Proven track record of improving UX and delivering scalable solutions in Agile environments.

Experience:

W3ITEXPERTS

Team Lead - FrontEnd Developer

May 2025 - Present

- Led frontend development on client-facing platforms using **React.js** and **Tailwind CSS**, achieving 30% increase in load speed and user engagement.
- Transformed complex **Figma designs** into reusable UI components, improving visual consistency across pages.
- Engineered scalable SPA architectures using **Redux**, lazy loading, and dynamic imports, boosting performance and maintainability.
- Collaborated cross-functionally with designers and backend engineers to integrate **REST APIs** with responsive layouts.
- Mentored 3+ junior developers and conducted code reviews, improving code quality and team productivity.

VEB

Product Manager

Aug 2020 - Present

- Balancing vision, data, and deadlines to deliver products that matter.
-

Tech Skills:

Tech Expertise: HTML5, CSS3, JavaScript (ES6+), TypeScript, React.js, Redux, Bootstrap, Tailwind CSS

Data Base: MySQL, MongoDB

Tools: Git, GitHub, VS Code, Chrome DevTools, Postman

Testing: Jest, React Testing Library

Other: REST APIs, Responsive Web Design, Agile/Scrum, Figma (basic)

Projects:

Shop & eCommerce Shopify Theme - Tools: Shopify, Liquid, HTML, CSS, JavaScript, jQuery, Responsive Design

- Designed and developed a fully responsive and visually appealing e-commerce theme for Shopify using custom Liquid templates and dynamic sections. Created modern UI/UX layouts including homepage, product grid, product detail, and cart pages aligned with industry eCommerce standards.
- Implemented product filtering, image zoom, quick view, and AJAX-based cart updates to enhance user experience and interaction. Optimized theme performance for speed and SEO, resulting in faster load times and improved ranking potential.
- Ensured full mobile and cross-browser compatibility for a seamless shopping experience across devices.
- Followed clean code practices, modular design, and reusable components, making the theme developer-friendly and scalable.
- Collaborated with designers to bring creative concepts into a fully functional Shopify storefront.

Health & Medical React Template - Tech Stack: React.js, Bootstrap 5, Redux Toolkit, SCSS, REST APIs

- Developed a responsive and visually engaging medical web interface using React.js and Bootstrap 5.
 - Created reusable components for appointments, services, doctor profiles, departments, blogs, and testimonials.
 - Integrated dynamic routing and modular component structure to support scalability and easy maintenance.
 - Designed and implemented interactive booking and contact forms with validation and error handling.
 - Ensured cross-browser compatibility and fully responsive design for desktop, tablet, and mobile devices.
 - Collaborated with the backend team for API integration and dynamic data rendering.
 - Applied Redux Toolkit for state management and data flow across components.
 - Followed best coding practices and organized folder structure to maintain clean, maintainable code.
-

Certification:

- Google IT Support professional certificate.
 - A face recognition application Using Python. (GUVI Certified).
-

Education:

Rajasthan Technical University

B.tech - CS

Passout: 2020

Percentage: 64.77
